Live light at
vandermoon.com

Since 1993, Vitberg has been producing medical products for rehabilitation, treatment, cosmetology and sports.

Our products are well known and appreciated.

Medicine and technology are not our only passion,
We also love to explore the world.

We have turned the experience we have gained over the years into
the production of accessories for people like us.

This is how the Van Der Moon brand was born.

Made in Poland, EU.

Cleaning

Wash by hand. Rinse the soiled area thoroughly with clean water and sponge wipe gently with a mild detergent.

Do not use bleach, iron or heat drying. The product is not machine washable.

Remove all items from Moon Kitchen 2.0 before cleaning.

Composition

100% polyester, PVC-FLAT coating,
aluminium, polypropylene sheet

Transport and storage

The products are packed in cardboard outer packaging.

During transport, they should be placed horizontally or vertically.

They should be transported in their original packaging.

Package disposal

The packaging is made of recyclable cardboard and should therefore not be thrown away, but deposited in the landfill in the waste paper bins or special containers for cardboard packaging.

Safety precautions

Make sure you read and understand the instructions before using the Moon Kitchen 2.0.

After installation, it is advisable to check the fixing of the Moon Kitchen 2.0 by pulling the whole structure firmly.

Do not leave the Moon Kitchen 2.0 in direct sunlight - this can cause the material to fade.

However, this does not change the mechanical properties of the material.

Do not use an open flame close to the Moon Kitchen 2.0.

Protect against moisture.

Do not load Moon Kitchen 2.0 above the recommended maximum weight.

Do not use any sharp objects, such as knives, screwdrivers, etc., to remove the outer packaging.
